11:39:06 From Clifford Mitchell (MD Dept of Health) to Everyone:

Thank you for an excellent meeting. For those interested in learning more about the Maryland Department of Health's Occupational Safety and Health Surveillance Project, laws on pesticide exposure and illness reporting, please contact me (Clifford Mitchell) at cliff.mitchell@maryland.gov. Our website (which is currently down due to network issues) is health.maryland.gov. Our Help Line for environmental health issues is 1-866-703-3266; you can also email us at mdh.envhealth@maryland.gov

11:39:13 From Carolyn Ricketts to Everyone:

I would like to eliminate all pesticide use, many viable alternatives and ultimately that is what I strive for. We cannot survive without food so we cannot survive without farm workers and we should do everything we can to support them, both legislatively and through education outreach.

11:39:22 From cpbraver@gmail.com to Everyone:

It would be good for thee workers to be able to see a different kind of farming on the eastern shore. There are examples of certified organic farms such as ours and many other diversified food producers who do not use synthetic inputs. How can such farms help?

11:39:27 From Mike Ichniowski MDAAP to Everyone:

Communities of color are generally more exposed to all manner of environmental toxicities
